

This Little Wonder - Little1

CONCEPT

The Little1 adds that perfect ambience to your sophisticated dining or recreational environment. Clean sound, wide horizontal and vertical dispersion allow ease of use and flexibility of placement. Expect the best from this superb combination of the Noa1 satellite with a high-end 2-way crossover. Available in some beautiful colours, this Little1 can blend in or stand out - as you desire.

DESCRIPTION

A simple, elegant solution to a complex need. For most purposes, ceiling speakers do not offer the coverage or the fidelity that one expects from a good audio setup. With adequate power handling, high fidelity and superb looks, the Little1 is the perfect solution where false ceilings and ceiling speakers are just not acceptable.
